Dr. Morag Fisher discusses the following aspects of hepatitis: the definition, causes, various types of hepatitis, groups at risk, and treatment.

Hepatitis C: living the rest of your life [videorecording]

Call number: VTR/RC 848/.H42/H46/2001
Adult Duration 25 minutes

Presents the latest information about HCV, along with testimonials by people who have tested HCV-positive. It's a video that informs, inspires and assures - that life with HCV is possible.

HARM REDUCTION COLLECTION

HEPATITIS C and related topics

Hepatitis C : the silent epidemic [videorecording]

Call number: VTR/RC 848/.H42/H46/2000
Gr. 9-12 Duration 29 minutes. Closed capt2000

This video explores every aspect of HCV (Hepatitis C); diagnosis, symptoms, treatment and its side effects, and lifestyle issues specific to people in recovery from chemical addiction. All information is delivered through the testimony of a renowned hepatologist and five individuals who are currently living with HCV. Part 1 will help viewers understand the importance of getting screened and seeking medical attention; part 2 shows viewers how others have managed this disease.

Lights on hepatitis C [videorecording]

Call number: VTR/RC 848/.L5/2003
Adult Includes a discussion guide.

The video uses humor to give important facts about activities that put a person at risk of getting Hepatitis C. The message is not that people have to stop injecting drugs, tattooing, or piercing, but to "be cool, be smart and be safe" about these activities.

Your awareness of hepatitis C [videorecording]

Call number: VTR/RC 848/.H42/Y6/2003
Adult 10 minutes; Includes teaching guide.

Created by youth for youth in order to increase their safety and awareness around this serious health issue. Using an original soundtrack, storyline, voice-overs and graphics, this video reaches a diverse population of youth with a wide variety of learning styles. Information on viral transmission, symptoms, risk activities and prevention are presented via a series of interviews and voice-overs.
