SOLVENT ABUSE

Be a prevention player : a resource for inhalant abuse prevention education (akgc)

Gr. 4-7; Kit includes a 4:30 minute video, BAPPKids comic book, and a guide/workbook
KIT; 1997
KIT/HV 5822/.S65/B43/1997

Dealing with inhalant abuse is a huge challenge. Treatment programs for chronic or long-term abusers are generally expensive and much less successful than programs for other drug problems. Many researchers believe that prevention, started in the early school years, is the best way to deal with the problem. "Be a Prevention Player" was developed with this strategy in mind.

Breathing easy – inhalant abuse (alko)

Adult; 24 minutes
VHS; 1993
Medical Audio Visual
VTR/HV 5822/.S65/B7/1993

Examines the problems of inhalant abuse, focusing on its causes and prevention. It looks at the psychological and physiological aspects of addiction, the environmental factors that lead children to inhalant abuse, and the terrible consequences of their actions.

Choice is yours, The (ajen)

Gr. 7-Senior 1; 29 minutes
VHS; 1987
ARF
VTR/HV 5824/.Y68/C46/1987

This program is suitable for use with students from 13 to 15 years of age. It is divided into 5-minute segments, one each on alcohol, drugs and crime, cannabis, cocaine and crack, and inhalant abuse. It was produced in cooperation with the Ontario Chiefs of Police and is used by police lecturers in classrooms across Ontario. The straight-to-the-point content examines the consequences of making the wrong choice about drugs and gives positive aid in making the correct choices.

Danger! toxic chemicals : an inhalants prevention video (amtc)

Grades 6-Senior 4; 14 minutes
VHS; 1999
VTR/HV 5822/.S65/D3/1999

Introduces students to the truth about inhalants with energy and a cutting-edge visual style. Students will learn the straight facts about sniffing and huffing and how these actions can cause permanent injury or even death. Most important, this video dispels the myth among kids that common household products must be safe "because they're all around us".

Educate : creating inhalant abuse awareness together (akwu)

Adult; 15 minutes
VHS; 1998
NCADI
VTR/HV 5822/.S65/E38/1988

Education is the key to preventing a child's deadly mistake. Educate yourself. Educate your kids. Talk to your children about the dangers of inhalant abuse. Be alert for symptoms of inhalant abuse. If you suspect

there is a problem, you should consider seeking professional help.

VHS; 2000
VTR/HV 5822/.S65/F4/2000

This video targets the 10 – 14 year old age group and depicts many of the very serious problems facing our youth today. In this video, young people are confronted with prostitution, sniffing, vandalism, racial prejudice, death, problems at home and peer influence.

Goldtooth (akhg)

Gr. 7-Senior 1; 27 minutes
VHS; 1995
VTR/HV 5822/.S65/G65/1995

This is a story about children who are on the streets where drugs, alcohol and solvents are used every day. The story includes violence, because violence is a core issue of street life. Substance abuse by girls is very often associated with sexual abuse, and this link is made in the cartoon when Nina goes to work for Gold tooth. The cartoon can help young people face their reality, to reconstruct it in their minds, to gain some new perspective through Karate's story and see themselves. (BECAUSE OF SUBJECT MATTER – USE ONLY WITH A FACILITATOR).

Grades 6 – Senior 4; 15 minutes

VHS; 200?

Canadian Learning Company

VTR/HV 5824/.Y68/R4358/200?

The impression many middle school students have about drugs is that "everybody does it". That misinformation may influence students to take their first step through the gateway provided by alcohol, marijuana or inhalants. Hosted by a multi-ethnic group of high school students, this engaging, fact-filled program uses a lively "pop quiz" to hear that the social norm for the vast majority of teens is that when it comes to alcohol and other drugs, they "don't need 'em, don't want 'em, and don't use 'em.
