Canadian Community Epidemiology Network on Drug Use(CCENDU) : Winnipeg 2004 report

Author: Stevens, Kristin
Corp. Author: Canadian Community Epidemiology Network on Drug Use
Call number: HV 5840/.M35/C35/2004

Clinical handbook of psychotropic drugs

Corp. Author: Centre for Addiction and Mental Health (Ontario)
Call number: RM 315/.C55/2003

Note: This reference book is a valuable resource for information on drug interactions.

Drug abuse information series

Author: Yoast, Richard A.
Edition: 4th ed.
Call number: HV 5824/.Y68/D78/1987

Drugs : an introduction

Author: Abadinsky, Howard
Edition: 5th ed.
Call number: RC 564/.A22/2004

STIMULANTS

Drugs and behavior

Author: Leavitt, Fred
Edition: 3rd
Call number: RM 315/.L36/1995

Drugs & drug abuse : a reference text

Corp author: Addiction Research Foundation (CAMH)
Edition: 3rd
Call number: RC 564/.D78/1998

Drugs, society and human behavior

Author: Ray, Oakley Stern.
Edition: 8th
Call number: RM 315/.R39/1999

Drugs, the brain, and behavior : the pharmacology of abuse and dependence

Author: Brick, John
Call number: RM 316/.B75/1998

Drugs, youth and the street

Author: Smart, Reginald G., 1936-
Corp. author: Addiction Research Foundation of Ontario
Call number: HV 5824/.Y68/D79/1990

Exploring the issues : teens -- alcohol and other drugs

Corp. author: Lions Clubs International
Call number: HV 5808/.E86/1995

Fastfacts on Drugs

Corp. Author: Addictions Foundation of Manitoba
Year: 2004
Call number: HV 5840/.C28/F37/2004

From chocolate to morphine : everything you need to know about mind-altering drugs

Author: Weil, Andrew
Edition: 2nd
Call number: RM 315/.W44/1993

Mind over matter : the brain's response to drugs : teacher's guide

Corp. author: National Institutes of Health (U.S.)
Call number: HV 5824/.Y68/M55/1997

STIMULANTS

Mind-altering drugs : a guide to the history, uses and effects of psychoactive drugs

Corp. author: Board of Regents of the University of Wisconsin
Edition: 2nd
Call number: RM 315/.M55/1998

A Primer of drug action : a concise, nontechnical guide to the actions, uses, and side effects of psychoactive drugs

Author: Julien, Robert M.
Edition: 9th
Call number: RM 315/.J75/2001

Psychotropic drugs : fast facts

Author: Maxmen, Jerrold S.
Edition: 2nd
Call number: RM 315/.M355/1995

The Psychotropic handbook

Author: Joffe, Russell T.
Call number: RS 190/.P78/J64/2002

Street drugs : drug identification guide

Corp. author: Publishers Group
Call number: HV 5801/.S77/2006

Street terms : drugs and the drug trade

Corp. author: United States. Office of National Drug Control
Call number: HV 5804/.S77/2004

Treatment for stimulant use disorders

Author: Rawson, Richard A.
Call number: RC 568/.S74/T74/1999

Two-way street : parents, kids & drugs : the lesson plan assessment

Corp. author: Canada. Royal Canadian Mounted Police, Drug Aware
Call number: HV 5824/.Y68/T88/1995

Understanding alcohol : investigations into biology and behavior

Corp. Author: National Institutes of Health (U.S.)
Call number: HV 5808/.A42/U53/2003

STIMULANTS

COCAINE/CRACK

Acute cocaine intoxication : current methods of treatment

Corp. author: United States. Department of Health and Human Services
Call number: RC 568/.C6/A26/1993

Adverse health consequences of cocaine abuse

Corp. author: World Health Organization
Call number: HV 5810/.A29/1987

AFM overview : cocaine consumption and service data

Corp. author: Alcoholism Foundation of Manitoba

STIMULANTS

AUDIOVISUALS

GENERAL

Don't drain your brain : how alcohol damages the brain [Kit]

Call number: KIT/QP 801/.A3/D6/2003
Grades 2- 6; 15 minutes
Human Relations Media

This powerful video gives viewers a chance to witness how normal brain functioning is short-circuited by alcohol. Emphasizes that alcohol is particularly dangerous to the developing brain.

Low level BAC Impairment goggles [kit] [arr]

Call Number: KIT/HE 5620/.D7/I5/2005
Junior High Red goggle frame with clear lens.

These goggles demonstrate effects of impairment, including reduced alertness, slowed reaction time, confusion, visual distortion, alteration of depth & distance perception, reduction of peripheral vision, poor judgement and decision making, double vision, and lack of muscular coordination. These goggles simulate a BAC of .04 to .06. Can be used for peer education and mentoring programs as well as at shopping malls and fairs or to supplement alcohol and drug abuse prevention and awareness programs.

The Real true & false about alcohol, marijuana & inhalants

[Videorecording]
Call number: VTR/HV 5824/.Y68/R4358/200?
Grades 6 – Senior 4; 15 minutes
Canadian Learning Company

The impression many middle school students have about drugs is that “everybody does it”. This misinformation may influence students to take their first step through the gateway provided by alcohol, marijuana or inhalants. Hosted by a multi-ethnic group of high school students, this engaging, fact-filled program uses a lively “pop quiz” to hear that the social norm for the vast majority of teens is that when it comes to alcohol and other drugs, they “don’t need ‘em, don’t want ‘em, and don’t use ‘em.

STIMULANTS

The Real true & false about drugs [Videorecording]

Call number: VTR/HV 5824/.Y68/R435/200?

Grades 6 – Senior 4; 17 minutes

Canadian Learning Company

With high school students as their guides, middle schoolers gain a better understanding of the truth and the myths surrounding these lethal drugs. The program exposes the serious consequences of using club drugs, prescription drugs and street drugs such as cocaine and heroin. Drug-free high school students, medical and law enforcement experts, add their insight and support for choosing a lifestyle that doesn't include drugs. Presented in an engaging way, the social norms message comes through loud and clear: the vast majority of teens don't use drugs – not now, not ever.

HALLUCINOGENS -- GENERAL

Hallucinogens : the in the know series [Videorecording]

Call number: VTR/RM 324.8/.H35/200?

Sr. 1-Adult; VHS; 200?

Exciting graphics, expert testimony and four young narrators work together to educate viewers about the real dangers of using the commonly abused hallucinogens LSD, psilocybin/psilocyn mushrooms and mescaline/peyote. Also discussed is phencyclidine (PCP) an anaesthetic/hallucinogen/stimulant drug that can lead to psychosis. Describes how these drugs can endanger viewer's lives and make lasting impacts on their mental health.

The program details the social effects, biological functions, and short and long term effects of each of these substances.

STIMULANTS

COCAINE/CRACK

Animated neuroscience and the action of nicotine, cocaine, and marijuana in the brain [DVD]

Call number: DVD/QP 376/.A5/2000

Senior 1 – Senior 4; Adult;

24 minutes

Films for the Humanities & Sciences

Using sophisticated 3-D animation, this program, divided into two parts, takes viewers on a journey deep into the brain to study the effects of the three substances.

The first part illustrates the major functions of the brain and shows how its principal cells, the neurons, communicate with each other through electrical and chemical signals.

In the second part, animated molecules of nicotine, cocaine, and marijuana travel a route from the external of these drugs, and how each drug interacts with them and subsequently affects the body. Images of actual neurons used in the animations create a realistic effect that helps viewers understand the concepts presented. The DVD comes complete with a Teacher's Guide that includes suggested presentation methods and an assessment activity.

Cocaine [videorecording] *STAFF ONLY*

Call Number : VTR/HV 5810/.C63/1990

Adult 100 minutes (approx.); VHS;

Dr. A. Herscovitch leads a workshop on cocaine and its effects.

Cocaine : the emerging facts [videorecording]

Call Number: VTR/HV 5810/.C63/1986

Gr. 7-Senior 4; 26 minutes; VHS

Two parts:

1. Sarah's Story

Relates the story of Sarah who becomes hooked on cocaine and how her habit changes Sarah from an outgoing and caring young person to one who is suspicious and hostile.

2. The Dangerous Drug

Illustrates the way the drug works in the body, the anxiety, panic, paranoia and suicidal feelings it often produces. Suggests how users who want to stop can find help.

STIMULANTS

Cocaine abuse : the end of the line [Videorecording]

Call number: VTR/HV 5810/.C633/199?
Sr. 1-Sr. 4; Adult;
25 minutes; VHS; 199?

Richard Dreyfuss narrates, follows lives of 5 people who actually had a cocaine problem exploring why they used it and how it eventually damaged their lives.

Cocaine and crack : the in the know series [Videorecording]

Call number: VTR/HV 5810/.C6335/200?
Sr. 1-Adult; VHS; 200?
VTR/HV 5810/.C6335/200?

The program first describes the difference between powdered cocaine and crack. It provides information about the social effects, biological functions, and short and long term effects of cocaine, whether it is sniffed, injected or smoked.

Cocaine and the brain [videorecording]

Call Number: VTR/HV 5810/.C63/1991
Gr. 7-Senior 1; 11 minutes

A science-based prevention program designed for use with middle school students. Using a radiological imaging technique, normal brain scans are compared with images from cocaine users' brains. Students see, through this demonstration, what a brain looks like on drugs.

Cocaine babies [videorecording]

Call Number: VTR/RG 627.5/.D79/C63/1989
Adult; 16 minutes

This tape looks at the devastating effects of cocaine and crack on America's children. The hospital ward where the piercing cries of cocaine-addicted babies are endlessly heard is telling testimony to the power of these drugs.

STIMULANTS

Cocaine in the 90's [videorecording] STAFF ONLY

Call Number: VTR/HV 5810/.C63/199-
Adult; 31 minutes

Dr. David Olhms describes the latest neurological and psychological information on the impact of cocaine on the mind and body. He also discusses the dynamics of cocaine addiction, withdrawal, treatment and relapse prevention.

Cocaine's children [videorecording]

Call Number: VTR/RG 627.5/.D79/C63/1987
Adult; 9 minutes

A documentary outlining the harmful effects of cocaine on the fetus and newborn. The infants bring home the message that pregnant women who use cocaine are exposing their young to suffering at birth and the risk of long-term developmental problems.

Crack [videorecording]

Call Number: KIT/HV 5810/.C73/1987
Gr. 7-Senior 1; 14 minutes
KIT: Contains video, teacher's guide, activity sheets

This program presents the dangers of using crack, stressing the impact on the heart, lungs and brain, and the depression one is likely to feel following the high. The conclusion of the video reaffirms the value of a drug-free life.

Crack! [videorecording]

Call Number: VTR/HV 5810/.C73/1987
Gr. 7-Senior 4; 13 minutes; VHS

Alerts viewers to the dangers of crack, the "freebase" form of cocaine that is devastating the teenage population. Attributes crack's alarming popularity to its trendiness, low cost, easy availability, and ease of use.

STIMULANTS

Crack : the big lie [videorecording]

Call Number: VTR/HV 5810/.C733/1987
Gr. 7-Senior 4; 22 minutes

To help students make one of the most important decisions of their lives – the decision to say no to crack. Based on actual case studies, the film discloses the alarming availability and severe addictiveness of crack.

Cracked not broken [DVD]

Access Key: aupz
Call Number: DVD/HV 5810/.C733/2005

Lisa grew up in Toronto's most affluent neighbourhood, attended prestigious schools and enjoyed the best of friends...but something went terribly wrong... Lisa, now 37 is a crack addict who prostitutes herself to support her drug habit. In this real time documentary, filmmaker Paul Perrier dives head first into the harsh reality and chaotic lifestyle of this "unlikely" addict, her search for meaning and quest for redemption...

Hard facts about drugs : alcohol, marijuana, cocaine and crack [videorecording]

Call Number : VTR/HV 5824/.Y68/H37/1988
Senior 1-Senior 4; 22 minutes; closed captioned

This video uses individual vignettes to dramatize how the abuse of alcohol, marijuana, cocaine and crack devastates a typical high school class during the four years leading to graduation.

Health and drug education poster – Cocaine [videorecording]

Call Number: KIT/HV 5810/.C6/2003
Gr. 7-Adult;

Shows the harmful effects of cocaine listed with colourful and graphic diagrams and easy to read descriptions.

High on crack street [DVD]

Access Key: auch
Call Number: DVD/HV 5810/.H5/2007

The program documents the nature of codependent relationships while clearly demonstrating the all consuming nature of addiction. When it comes

STIMULANTS

right down to it nothing else matters! Self respect, family, desires or ambitions all disappear in a puff of crack smoke.

Journals from the inside : a cocaine/crack prevention video [videorecording]

Call Number: VTR/HV 5824/.Y68/J6/2000
Gr. 6-Senior 4; 20 minutes

Two teenage journalists shed the myths and learn the tragic truths behind crack and cocaine use. Through interviews with recovering addicts, this video vividly reveals the spectre of a cocaine and crack lifestyle, which often results in chronic health problems, crime, prostitution, gun violence, and death for the user. Teens are presented with a gentle, caring, effective way to help peers and loved ones in the throes of addiction regain their lives.

Solid as a rock [videorecording]

Call Number: VTR/HV 5810/.S65/1986
Gr. 7-Senior 4, Adult; 28 minutes; VHS

A documentary describing baseball player Tim Lincecum's personal struggle with cocaine abuse and his subsequent recovery.

ECSTASY

Club drugs – dancing with danger [videorecording]

Call Number: VTR/RM 316/.C5/2002
Senior 1-Senior 4; 20 minutes; VHS

Visit the street outside a “rave” where young people explain why adding club drugs to the mix means you’re “dancing with danger”. Listen to recovering users talk about drug-related physical and mental disorders, prison, isolation from friends and family, attempted suicides and murders.

Learn the truth about common club drugs including dangerous substitutes being passed off as “ecstasy”, powerful sedatives like “roofies” (Rohypnol) and GHB used in date rapes and the resurgence of LSD and methamphetamines.

STIMULANTS

The Downside of uppers with Dr. David Olhms [videorecording]

Call Number: VTR/RM 315/.D6/2002
Senior 1-Senior 4; 27 minutes

Using plain language and the latest information on research trends, Dr. David Olhms illustrates the physical and psychological dangers of stimulants, primarily cocaine and methamphetamine. He describes in easy to understand detail how stimulants affect brain cells.

Ecstasy - happiness in a pill? A 48 hours/MTV news report [DVD]

Call number: DVD/RM 316/.E3/2004
Senior 1 – Senior 4; Adult; 45 minutes
Films for the Humanities & Sciences

In a cooperative project with MTV, this edition of 48 hours takes a broad look at the drug ecstasy. Case studies involving a high school student, two college students, and a single mother of three serve as platforms for investigating ecstasy's role as a gateway drug, the spread of potentially lethal copycat drugs and how the controversial group DanceSafe helps ecstasy abusers at raves to tell the difference, law enforcement's crackdown on ecstasy dealers with raids and stiff sentencing, and ecstasy's use as an aid in coping with emotional trauma. Produced by CBS News.

Ecstasy – the e street blues [videorecording]

Call Number: VTR/RM 316/.E37/2002
Senior 1-Senior 4; 20 minutes; VHS

See current and former users paint a deadly picture as they talk about isolation, depression, homelessness, jail time and attempted suicide resulting from the use of ecstasy.

Health and drug education poster – Ecstasy [poster]

Call Number: KIT/RM 316/.E2/2003
Gr. 7- Adult; Poster series

Shows the harmful effects of ecstasy listed with colourful and graphic diagrams and easy to read descriptions.

STIMULANTS

Introduction to street drug pharmacology [videorecording]

Call Number: VTR/RS 190/.P78/1988
Adult; 58 minutes; VHS

This program expands the professional's knowledge of licit and illicit psychoactive drugs. It explains drug names, including chemical, generic, brand, and street names; defines street jargon; and reviews drug effects and the mechanisms of brain function.

Party drugs : the in the know series [Videorecording]

Call number: VTR/RM 316/.P4/200?
Sr. 1-Adult;

Informs users about the damage that Ecstasy/MDMA, Methamphetamine, GHB, Rohypnol and Ketamine can cause in users' lives. Also contains an in-depth look at the frightening trend of "date rape" drug use and provides advice to viewers on protecting themselves.

The program details the social effects, biological functions and short and long term effects of each of these substances, and concludes with the tragic story of a college freshman who has spent the last three years in a coma due to someone "slipping" GHB to her without her knowledge.

What's your poison? Ecstasy : the party drug [videorecording]

Call Number: VTR/RM 316/.E3/1997
Senior 1-Senior 4; 27 minutes; VHS

Lives lost to this drug have made front-page headlines but that doesn't prevent many from indulging. This episode takes us behind the rave scene and the adverse publicity this drug attracts. The real story about this controversial substance may surprise, particularly as many argue the effects of ecstasy are far less devastating than some drugs that are legal.

AMPHETAMINE / METHAMPHETAMINE

Dark crystal [Videorecording]

Call number: VTR/HV 5822/.A5/D37/2005
Senior 1 – Adult; 40 minutes

Exploring the dark experiences of methamphetamine addicts, journalist Gillian Findlay digs into the scarred lives of three young people – a reformed addict with a bright future, a 16 year old girl struggling in rehab, and a man

STIMULANTS

who cannot let go of the drug. Findlay takes the viewer on a voyage into the shady corners of a small town wracked by crystal meth – cheap, easily produced and coursing through the veins of communities across Western Canada. Witness the lengths to which one parent goes to save her daughter and discover a new, controversial rehabilitation technique that's winning converts.

This production was originally broadcast on The Fifth Estate, Wednesday, March 23, 2005 on CBC-TV.

Death by jib [Videorecording]

Call number: VTR/RM 316/.D4/2005
Grades 7 – Adult; 19 minutes; VHS
Peace Arch Community Services

This video speaks directly to the hearts and minds of viewers to convey a powerful and emotional message warning teenagers and young adults about the harsh realities of Crystal Meth. This graphic video pulls no punches as teen addicts describe the horror of addiction to Jib. The important message regarding sexual exploitation of youth on Crystal Meth is handled in a straightforward and honest manner.

CONTAINS COARSE LANGUAGE AND DISTURBING SCENES. VIEWER DISCRETION IS ADVISED.

Jibb the movie : a film about methamphetamines [Videorecording]

Call number: VTR/RM 316/.J5/2004
Senior 1 – Senior 4; Adult
31 minutes
Street Spirits Theatre Company

CAUTION : DISTURBING SCENES - Please preview before showing to groups.

Jibb is a docu-drama addressing methamphetamine use. Useful for youth at high-risk.

STIMULANTS

Meth : Big time drug in small time America vol.1

Call number: DVD/HV 5822/.A5/M4/2005
Adult 25 minutes

"Facing the addiction" centers on meth treatment success from the viewpoints of a detective and a director of a treatment center. David discusses the effects that meth had on his life.

Meth : Big time drug in small time America vol. 2

Adult; 18 minutes

Focuses on the lives of several people within a small rural community who have been involved with meth.

Meth death : a demon in the land [Videorecording]

Call number: VTR/HV 5822/.A5/M4/2000
Grades 7 – Adult; 31 minutes

Interviews Col. Alex Mahon, Director of the Governors Task Force on Methamphetamine. Covers: What is meth, effects of meth use, cycle of abuse pre-cursor elements physical effects, psychological effects, binge use, high intensity use, tweaking, and information on spotting the dangers of a meth user in the tweaking zone. Meet Becky, a long term meth user struggling to overcome her addiction and come to terms with the damage it has done to her life. Encourages: education, a commitment to responsibility, the hope of recovery, and that time is of the essence.

Meth madness: teenage methamphetamine abuse [Video recording]

Call number: VTR/HV 5822/.A5/M4/2002
Senior 1 – Senior 4 22 minutes

Methamphetamines are potent stimulant drugs that ruin lives. Crystal methamphetamine, also known as 'ICE,' is the newest and most powerful form of speed on America's streets. Understand how methamphetamine damages the human brain and learn about the adverse effects it has on the human body. Illegal meth labs are creating toxic waste sites all over the United States. Become aware of the many dangers that are associated with the production of this drug. Learn the names of organizations that can help young people to fight a methamphetamine addiction.

STIMULANTS

Meth : our nation's crisis [DVD]

Call number: DVD/HV 5822/.A5/M4/2006

Adult

This two-disk kit contains everything you need to start a comprehensive community campaign against meth. On the DVD are three meth-awareness videos for teens and adults. On the CD you'll find 170 pages of print-ready resources to copy and share community-wide. These include 5 action guides for community leaders, schools, parents, employers, and health care professionals; a 16-page meth primer; campaign resources with sample press releases, talks, and poster, and a meth resource directory. These reproducible resources teach the facts about meth, expose the myths and inspire action.

Meth . . . the great deceiver [videorecording]

Call Number: VTR/RM 316/.M47/1998

Senior 1-Senior 4; 15 minutes; VHS

Developed for a teen audience, this video delivers startling facts and compelling, true-life stories of the violence and destruction that follow in the wake of using this drug. Youth are urged to take personal responsibility. They learn that whatever they call this drug – crank, speed, ice, or crystal – it is a liar and a cheat. Meth is the Great Deceiver.

Methamphetamine & other stimulants [Video recording]

Call number: VTR/HV 5822/.A5/M4/2004

Grades 7 – Adult 23 minutes

What are stimulants? Where do drugs like methamphetamine come from? And what happens to the body and mind of someone who abuses them? This compelling video answers these questions and more with first-person accounts from young addicts and leading experts. Students get an in-depth look at the effects stimulants have on the body, while examining the deadly consequences of methamphetamine use. Physical dependence and tolerance are discussed along with the harsh facts about withdrawal and the long-term effects of drug use.

Methamphetamine : deciding to live [Videorecording]

Call number: VTR/HV 5822/.A5/M48/1998

Senior 1 – Senior 4 38 minutes

Through documentary-style interviews with recovering addicts, treatment professionals, and physicians, this video reveals the devastating

STIMULANTS

consequences of methamphetamine addiction and the struggles and rewards of recovery.

Part 1 begins with a pharmacological explanation of methamphetamine's effect on brain chemistry. Firsthand accounts from recovering addicts reveal how methamphetamine affects behaviour, emotions, cognitive functions, relationships, and the body.

Part 2 offers hope for those beginning the long process of recovery. Candid accounts of recovering addicts reveal the stumbling blocks common in early recovery, the spiritual nature of the healing process, and the rewards of overcoming the physical, mental and moral bankruptcy associated with using meth.

Methamphetamine : neurochemistry & recovery [DVD]

Call Number: DVD/RM 316/.M48/2006
Senior 1 – Adult; 31 minutes

Examines the way methamphetamine changes the brain both chemically & structurally. The video also explains how these changes interfere with the recovery process and what a person seeking recovery can do to improve their situation.

Methamphetamine : new knowledge, new treatments [DVD]

Call number: DVD/HV 5822/.A5/M484/2006
Adult 1:04 minutes

Provides convincing information to debunk the myth of methamphetamine addicts as being hopeless and untreatable. Richard A. Rawson, Ph.D., who is a world-renowned methamphetamine researcher and associate director of the UCLA Integrated Substance Abuse Programs, shares his extensive knowledge about meth, modes of effective treatment, and the unique struggles that meth addicts encounter in treatment. In this video workshop, Rawson will help you:

- learn more about meth, its history, and why it is such a distressing epidemic
- discover the devastating physical and psychological effects of meth use
- explore research that proves meth's destruction on the human brain
- meet clinical challenges in treating meth addicts
- learn how and why treatment for meth addicts works

STIMULANTS

Methamphetamine : the crystal cage [Videorecording]

Call number: : VTR/RM 316/.M474/1998
Grades 7 – Senior 4; 30 minutes
Marlin Motion Pictures Ltd.

This video educates kids on what “crystal meth” is, its dangers, and why it is a dead-end street. Kids who have been to the depths of meth addiction tell about the transition from casual use to addiction and onward, either to death or to recovery. Interviews with a clinical expert give psychological explanations to the young addicts’ stories. Computer-generated animation explains in detail what happens to the body and mind as a result of methamphetamine use.

Methamphetamine : the rush to crash [videorecording]

Call Number: VTR/RM 316/.M4/1997
Adult; 28 minutes; VHS

This program utilizes animation, live action and interviews with users and drug experts to help give a comprehensive look at the mental and physical effects of amphetamines and methamphetamines.

Methamphetamine: under the ice [Video recording]

Call number: VTR/HV 5822/.A5/M48/1997
Grades 7 – Adult 16 minutes

This video uses a direct, matter-of-fact style coupled with engaging computer graphics to explore the current state of Crystal Meth use in the country. A narrator explains to teens the dangers of using Methamphetamine. Viewers are shown how and where Meth is made. Some chemicals used in this drug are poisonous and can burn the users esophagus. The effects of using this substance are shown, from high blood pressure, to decreased appetite, to death and everything in between. Also depicted is the addictive nature of the drug and its withdrawal symptoms.

Methamphetamines : the hard facts [KIT]

Call number: KIT/HV 5822/.A5/M48/2003
Senior 1 – Adult 19 minutes

This video and the resource book provides students with simple, straightforward information about methamphetamines. Provides information to make fact-based choices about drugs and their lives.

STIMULANTS

Myths about meth and some straight talk [videorecording]

Call Number: VTR/RM 316/.M87/1998
Senior 1-Senior 4; 10 minutes; VHS

Featuring Dr. Alex Garza, from the Truman Medical Centre in Kansas City, MI, this video answers questions such as: what is meth? What are the short and long-term effects on meth on the body? Also discusses women's issues such as dieting and effects on the fetus.

Nothing to rave about : a club drugs prevention video [videorecording]

Call Number: VTR/RM 316/.N6/2001
Senior 1-Senior 4; 20 minutes; VHS

Increasing numbers of young adults consider club drugs a harmless enhancement to a night of dancing, barhopping, or concert going. In this video, young people ages seventeen through twenty-two describe how they learned the hard way that there is no such thing as a safe or recreational drug.

Party drugs : the in the know series [Videorecording]

Call number: VTR/RM 316/.P4/200?
Sr. 1-Adult; VHS; 200?

Informs users about the damage that Ecstasy/MDMA, Methamphetamine, GHB, Rohypnol and Ketamine can cause in users' lives. Also contains an in-depth look at the frightening trend of "date rape" drug use and provides advice to viewers on protecting themselves.

The program details the social effects, biological functions and short and long term effects of each of these substances, and concludes with the tragic story of a college freshman who has spent the last three years in a coma due to someone "slipping" GHB to her without her knowledge.

Running on empty : teens and meth [videorecording]

Call Number: VTR/HV 5824.Y68/R8/2003
Senior 1-Senior 4; 23 minutes; VHS

Explains what meth is and how it becomes addictive. Jamie, a young woman, explains in detail how she became involved with meth and how it made her lose out on a big portion of her life.

STIMULANTS

The Salton Sea [Videorecording]

Access Key: audt
Call Number: VTR/HV 5822/.A5/S2/2001

She was in the wrong place and the wrong time and, then, she was no more. Jazz musician Danny Parker's wife was murdered, and Danny was powerless to prevent it. Now the heartbroken trumpet player is on the skids, lost in the lifestyle of Los Angeles' derelict tweakers. Or is he? In Danny's world nothing - most of all Danny - is what it seems.

The science of methamphetamine : an informed recovery [DVD]

Call number: DVD/HV 5822/.A5/S3/2005
Adult; 30 minutes

Aims to educate the viewer about the drug methamphetamine, its effect on the brain and the body, and the tools and methods for structuring an individual's recovery. The DVD helps the recovering person to better understand the physical and psychological affects of methamphetamine dependence and how to maintain a clean-and-sober lifestyle.

Street drugs [videorecording]

Call Number: VTR/HV 5808/.S76/1989
Senior 1-Senior 4, Adult; 30 minutes; VHS

"Street drugs" are any substance bought or sold, used or abused outside a normal doctor/patient relationship. In this film, hosted by Jimmy Smits, viewers will learn how these drugs affect both the brain and body. It covers initial effects, withdrawal, and long-term effects of each drug, and makes the dangers of drug use abundantly clear.

Truth about drugs, The [videorecording]

Call Number: VTR/HV 5824/.Y68/T7/2000
Senior 1-Senior 4; 30 minutes; VHS

Explores the lives of several young people who have been forever changed by drug use. It shows the immediate consequences of illegal drugs, and it illustrates in vivid detail how easily a life can be changed or destroyed after one drug use. The effects of heroin, cocaine, ecstasy and other drugs are discussed, as well as techniques for turning away from risky drug-related situations. **(DISTURBING SCENES)**

STIMULANTS

Tweaked : Part 1 [Videorecording]

Call number: VTR/RM 316/.T8/2000/Part 1
Adult; 20 minutes; VHS
Escapemeth.com

**CONTAINS GRAPHIC CONTENT. VIEWER DISCRETION IS ADVISED.
NOT RECOMMENDED FOR YOUNGER VIEWERS.**

A shocking and hard to watch film designed to expose the truth about Methamphetamine. The video closely examines the allure, popularity and destructive influence of Methamphetamine in the lives of several youth. It presents the hopeless road to death and destruction that comes with Meth abuse. Designed for the rehab center, it's a "Scared Straight" presentation which delivers a wake up call to the addict or potential user; "there is little room for escape".

Tweaked : part 2 [Videorecording]

Call number: VTR/RM 316/.T8/2000/Part 2
Adult; 50 minutes; VHS
Escapemeth.com

**CONTAINS GRAPHIC CONTENT. VIEWER DISCRETION IS ADVISED.
NOT RECOMMENDED FOR YOUNGER VIEWERS.**

A shocking and hard to watch film designed to expose the truth about Methamphetamine. The video closely examines the allure, popularity and destructive influence of Methamphetamine in the lives of several youth. It includes all of the graphic sequences in part one plus the story of a family of four girls who recovered from meth addiction. Both videos weave through intense and graphic interviews with: kids on the street in Venice Beach, California, a street wise narcotics officer, a drug abuse counselor, and two D.A.'s who reveal the grizzly aftermath of meth-induced crimes typical of those sweeping the country.

What's wrong with methamphetamine [Videorecording]

Call number: VTR/RM 316/.W4/2005
Senior 1 – Adult; 28 minutes; VHS
Canadian Learning Company

The nightmare of methamphetamine abuse becomes "crystal" clear, as a former addict tells of the serious physical, emotional and social consequences he suffered from using the drugs. Medical and law enforcement personnel graphically outline the future of the "crystal" abuser –

STIMULANTS

a downward spiral that can include irreversible brain damage, a criminal lifestyle and prison.
